

Dealing with Bid Protests: IFB & RFP *The Good, The Bad, & The Really Bad*

This seminar provides you with the tools and best practices so that you can understand and properly respond when you receive a Bid Protest. The seminar is presented by two experienced construction attorneys.

The participants will receive a brief power point presentation giving them an overview of the status of the law on bid protests. Then the participants will engage in a debate over the proper course of action following a receipt of several bid protest scenarios. Following the discussion of the ways in which to respond to each scenario, the participants will be asked to decide as a group whether or not to award the contract and, if so, to whom.
